Thank you for your generosity. We appreciate your support!

Good Sun works with a focus on energy, land, and water resources, donating labor and equipment for the benefit of poor and underprivileged communities, organizations, and individuals. Our organization accepts donations such as solar modules/panels, inverters and solar electrical components, and monetary contributions. These donations are tax-deductible as Good Sun Solar is a registered Non-profit corporation and is recognized as a 501(C)(3) Public Charity (PC) under the IRS tax-exempt code.

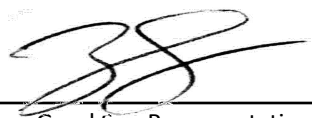

***Fair Market Value:** The amount or value of the donation is determined by the donor. Any donation of equipment valued above \$5,000 must be appraised by a third-party (see IRS Info below).

IRS Info: "An individual who itemizes deductions may deduct contributions to most charitable organizations up to 50% of his or her adjusted gross income computed without regard to net operating loss carrybacks." Documents Required for IRS. Property worth \$500 or less: You must justify the deduction with the receipt provided by Good Sun. Property worth more than \$500, but not more than \$5,000: In addition to the receipt provided by Good Sun, you are required to complete IRS Form 8283, "Non-Cash Charitable Contribution", which contains written records of how the property was acquired and your cost basis if the property was held less than 12 months. You must also have the item appraised and save the certificate of appraisal with the receipt. Appraisals should be done before items are donated and payment of the appraisal is the responsibility of the donor. A single item valued at \$5,000 or more, or several similar items donated in a single year whose value totals \$5,000 or more: This donation must be appraised before the donation is made, and the appraisal must be obtained by the donor. Good Sun does not perform appraisals on any donations.
